Join us at 7 TONIGHT in Leonard Auditorium when former New York Gov. George E. Pataki, who led that state through the aftermath of the terrorist attacks of Sept. 11, 2001, speaks on “The Challenge of Leadership” in the annual Hipp Lecture on International Affairs and National Security. The Hipp Lecture is sponsored by Wofford alumnus Van D. Hipp Jr., class of 1982, chairman of American Defense International Inc. in Washington, D.C.

Pataki served three terms as governor of New York, from 1995 through 2006. After the attacks on 9/11, he promoted the toughest anti-terrorism laws in the country. He also combined pro-business policies with award-winning initiatives in renewable energy and environmental protection. Since 2006, Pataki has promoted alternative energy infrastructure worldwide through the Pataki-Cahill Group and has deepened his understanding of European affairs. He recently has been quoted in the news media on the 2016 presidential race, and his own name has been discussed as a possible Republican nominee for president.

Subject: ANNOUNCEMENT: Terri Putman's retirement
Date: December 2, 2014 at 2:56 PM
To: Wofford Staff WoffordStaff@Wofford.Edu

W

Ms. Terri Putman, Accounts Payable, has announced her intention to retire from Wofford, effective January 30, 2015. Terri has served in the College's Business Office for the past 28 years.

Many of you know that Terri has been the primary point of contact for disbursements for much of that time. Through the years, Terri has served as an important resource for faculty and staff alike. Her contributions to the campus community quite literally kept the lights on and the A/C running. I know that I speak for many when I express how much her help in these areas will be missed.

I hope that many of you will take the opportunity to thank Terri for her years of dedicated service to Wofford College and to congratulate her as she embarks upon the next chapter of her life.

Dear colleagues,

Please note the following invitation to participate in the CIEE International Faculty Development Seminar in Madrid, Spain in Summer 2015. CIEE is offering this new project which focusses on intercultural development which I think will be of interest to a number of our faculty and staff. This call goes out to any faculty or staff member with an interest in intercultural learning pedagogy. Preference will be given to a faculty or staff member who has immediate plans to integrate this pedagogy into curricular and co-curricular programs. Please let me know as soon as possible (**but no later than January 7th**) if you would like to participate in this IFDS please let me know by sending me a brief paragraph about your interest. We will make a selection and nominate a faculty member and a staff member to CIEE by Jan 30th.

Learning while Leading: Supporting Intercultural Development through Study Away

June 7-13, 2015
Madrid, Spain

Overview

This seminar is designed to help university faculty and administrators effectively integrate intercultural learning into teaching and advising. You'll learn how to help students learn and grow through intercultural experiences, whether they take place at home or abroad. The distinctive international location allows you to focus on your own intercultural development and gain a deeper, more holistic understanding of the intercultural learning process.

The program's objectives are:

- Improve your understanding of the research and pedagogy that focuses on facilitating intercultural learning for study away participants.
- Increase your ability to effectively lead students through intercultural learning experiences.
- Discover tools and activities you can use before, during, and after your students' study away.
- Increase awareness of intercultural differences and similarities.
- Develop your own style of intercultural leadership.
- Increase your knowledge of Spain and Spanish culture.

WHY THE DOORS ON OUR CHRISTMAS CARD?

We're proud that once again this year Wofford College is among the nation's pacesetters in study abroad participation. In the recently released Open Doors Report on International Education Exchange, Wofford ranked #4 on the list of baccalaureate institutions for students studying abroad for credit. The college has ranked in the top 10 for more than 15 years.

Wofford also has joined Generation Study Abroad, a movement led by the Institute of International Education to encourage purposeful, innovative action aimed at getting more Americans to undertake an international experience.
